STORY

J&T Prime Consultants was founded by **Joe Mouannes and Dr. Tatiana Khoury**, whose shared vision and partnership drive our commitment to excellence, integrity, and personalized service.

Joe brings extensive expertise in corporate services and business setup, helping entrepreneurs and corporations grow their presence in the UAE and GCC. **Dr. Tatiana**, a renowned radiology specialist and healthcare consultant, has successfully established specialized women's imaging units across the region, enhancing patient care.

At J&T Prime Consultants, we blend innovation and collaboration to guide startups and optimize hospital operations, driving lasting success. Our story is built on partnership, perseverance, and a commitment to redefining consultancy in the UAE and beyond.

MISSION

Our mission is to empower businesses and healthcare institutions through tailored consultancy services, while our vision is to become the leading consultancy firm in the region.

Our unique value proposition lies in combining expertise in business setup, healthcare consultancy, and legal solutions under one roof, providing a holistic approach to meet our clients' diverse needs.

VISION

To become the leading consultancy firm in the region, recognized for our expertise in business setup, healthcare optimization, and legal solutions, while fostering long-term partnerships and delivering exceptional value to our clients.

WHAT MAKES US STAND OUT

Our unique combination of business setup expertise and specialized healthcare consultancy under one roof sets us apart.

With Joe Mouannes' extensive experience in corporate services and Dr. Tatiana Khoury's unparalleled expertise in healthcare planning, we offer a holistic approach to our clients' needs.

We pride ourselves on our personalized, client centric approach, cutting-edge solutions, and a commitment to excellence in every service we provide.

DUBAI BASED, REGIONALLY CONNECTED

While our headquarters is in Dubai, we serve clients across the **UAE and GCC regions**, offering our expertise in business setup, healthcare consultancy, and legal solutions to a diverse and international clientele.
